APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the 2.0 c.f.s., herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to a beneficial use. A suitable measuring device must be installed and accurate measurements of the water placed to a beneficial use must be included in the proof of such use when filed. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit is further issued with the provision that no diversion of water will be allowed under the permit if at any time flow in Laphan Creek is sufficient to be tributary to the East Walker River.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 2.0 cubic feet per second, but not to exceed 112.0 million gallons annually.

Actual construction work shall begin on or before April 26, 1978

Proof of commencement of work shall be filed before May 26, 1978

Work must be prosecuted with reasonable diligence and be completed on or before April 26, 1979

Proof of completion of work shall be filed before May 26, 1979

Application of water to beneficial use shall be made on or before April 26, 1982

Proof of the application of water to beneficial use shall be filed on or before May 26, 1982
